BMC Qatar has been awarded the Waterproofing Package at Waterfront Commercial - Seef Lusail D1&D2 and D3&D4 Luxury Residential Towers

Seef Lusail is a 600,000 sqm multi use development located at the waterfront of Lusail, the project involves the construction of luxurious towers which offer generous living spaces and stunning sea views in addition to new global retailers, a variety of food & beverage themes, hotels and cutting edge entertainment concepts. Seef Lusail will feature an interactive 2.3 km waterfront promenade that will include multiple world class attractions. Seef Lusail innovative design will further add to Qatar's appeal as an international destination that rivals major global destinations.

Urbacón Contracting and Trading was appointed as main contractor and BMC Qatar was awarded the waterproofing package for this project using GCP Grace Preprufe 300R waterproofing system with a package value of QAR. 6 Million.
